SUMMARY

React Native Developer with 4+ years of experience building and maintaining cross-platform mobile applications for iOS, Android, and tablets across fintech and automobile domains. Strong focus on performance optimisation, high code quality, and delivering multiple projects on time, including team-led initiatives.

EXPERIENCE

Software Engineer

Oneture Technologies

November 2023 - October 2025, Mumbai, India

- Designed, developed, and maintained secure, high-performance React Native applications for enterprise fintech and cash-logistics platforms, supporting ATM operations, service workflows, and monitoring systems.
- Combined four distinct applications (RCM, OTC, Cash, Audit) into a single mobile platform using React Native and Redux, enhancing operational efficiency and process consistency for fintech enterprise clients.
- Managed end-to-end release cycles for mobile applications by coordinating deployment tasks through App Store Connect and Google Play Console, ensuring alignment with release schedules.

Software Developer

Excellon Software Pvt Ltd.

July 2021 - October 2023, Pune, India

- Developed and maintained cross-platform React Native applications for iOS/iPad and Android/Tablet, delivering scalable solutions for both B2B and B2C clients with consistent, user-friendly UI/UX.
- Integrated third-party libraries and APIs including Firebase and Google Maps, and guided the mobile team across 5+ automobile industry projects, ensuring timely and successful delivery.
- Managed end-to-end deployments of React Native applications to Google Play Store and Apple App Store, maintaining high quality standards and meeting release deadlines.

PROJECT

Admin Application

- Developed admin applications featuring more than 15 reports and dashboards, facilitating efficient role-based user management using React js.

ALGO IOT ATM Security App

- Developed and managed an MQTT-based ATM security application with live streaming, ticket management, and site-level monitoring, optimizing UI/UX and ensuring reliable performance in high-latency environments.

CMS One App Cash Management in ATM Logistics

play.google.com/store/apps/details?id=com.cms.oneconnect&pcampaignid=web_share

- Managed and enhanced the CMS One React Native application for ATM cash logistics, resolving production issues, improving UI and functionality, and coordinating releases to ensure smooth delivery of bug fixes and updates.

Triumph India B2C Dealer Management System

play.google.com/store/apps/details?id=com.excellonsoft.bajajtriumph

- Independently owned the end-to-end development of the Triumph India React Native mobile application, translating business requirements into technical solutions, resolving production issues, and leading timely, high-quality deployments to app stores.

KTM India B2C Dealer Management System App

play.google.com/store/apps/details?id=com.excellonsoft.bajajcarektm

- Owned the end-to-end development and maintenance of the KTM India B2C mobile application, leading bug fixes and optimisations while coordinating with clients and cross-functional teams to deliver timely, business-aligned releases.

EDUCATION

Bachelor of Engineering (Computer Science)

R C Patel Institute of Technology · Shirpur, India · 2016-2020

SKILLS

Skills 1: React js , PWA, Typescript, Hooks, Angular, React Native, JavaScript (ES6+), Redux, Context API, Firebase, Google Maps , Git, GitHub, Azure DevOps , App Store Connect, Google Play Console
